

## MR. MOORE GAINED FLESH AND STRENGTH

Rapidly By Taking Vinol After  
Everything Else Had Failed

R. J. MOORE

Noroton Heights, Conn.—"I am a carpenter, and got all run down and contracted a chronic cough, so I could hardly keep about my work. It seemed as though I had tried all kinds of medicines without help, but one day I saw Vinol advertised and decided to try it. Before I had taken half a bottle I felt better and after taking six bottles I found I had regained my normal weight and never felt better in my life."—R. J. Moore, Noroton Heights, Conn.

The reason Vinol is so successful in such cases is because it contains the curative elements of cod liver oil in a highly concentrated form together with Iron and Beef Peptones which for centuries have been without a peer for such conditions. Price \$1.00 a bottle, guaranteed. O'Donnell's Drug Stores and People's Drug Stores, Washington.

## RUM SMUGGLING OFF FLORIDA IS CHECKED BY U. S.

Revenue Cutters Used to Halt  
Illicit Trade, Annual  
Report Shows.

By International News Service.  
Commander William E. Reynolds, commander of the United States coast guard, said today that revenue cutters have been employed in large numbers recently to check liquor smuggling along the Florida coast.

Commander Reynolds made this known in his annual report to Secretary Mellon, but he neglected to give a record of the smugglers caught.

How many smugglers got past the net set by the cutters probably never will be known, Commander Reynolds said.

Commander Reynolds made it plain that the five new vessels which soon will be placed in the revenue cutter service will not be used to detect whiskey smugglers operating between the Bahamas and the Florida and Georgia coasts. The new vessels are to be of assistance to shipping interests generally, and the present plan does not contemplate their assignment to special duty to hunt smugglers, as was at first supposed by prohibition officials.

A total of 777 vessels were listed by the coast guard as having sustained casualties during the fiscal year ended June 30, last. The vessels listed were valued at \$239,000,000. Their cargoes were worth \$6,269,000. The aggregate property loss was \$34,932,000. The vessels totally lost numbered 222. Of the total of 23,085 persons aboard the vessels endangered, 286 were lost, 169 being members of the crews and seven passengers.

## MELLON POINTS OUT WAYS USED TO AVOID TAXES

Treasury Chief Would Foil  
Dodgers by Heavier  
Surtax Scale.

By W. H. ATKINS,  
International News Service.

How easy wealth squirms out of its just tax obligation to the Government, by diverting capital into tax-free fields, was made known today for the first time by Secretary of the Treasury Mellon.

The tax-dodgers, according to Mr. Mellon, seize upon hundreds of different expedients to evade Government liability. He would change this, by making it almost imperative that they meet their just share of the tax burden by a surtax scale that he regards as sufficient to force idle capital out into productive avenues.

"The hardship and suffering resulting from business depression and unemployment inevitably fall most severely, not upon those paying high income taxes, but upon the great body of the people of small incomes," Secretary Mellon said.

"While tax-exempt securities afford an easy means to a large class of investors of avoiding payment of the high surtax rates, they constitute only one of many that can be, and are availed of to avoid such taxation."

Mr. Mellon said that the estimate of \$10,000,000,000 lodged in tax-free securities is a most conservative one, and he said a much higher figure would be justified. Of this total \$2,500,000,000 has been issued by the United States Government, or under its authority, including such securities as Federal farm loan bonds.
